Ultimate Smart Engineering Solutions

Engineering the future

Introduction

ELEKTRA Engineering was established in 2007 as manufacturing company by Ch. Muhammad Fazal with an aim to provide good quality products for Low Voltage Solutions. the Pioneer products of Elektra Engineering (E.E.) included LT Panels. Automatic Voltage stablizer / regulator, Rectifier Units and LT Transformers with the passage of time in the changing needs and technology, Elektra Engineering evolution occurred leading to the best quality and state of the are products with diversity meeting the needs of present age.

At E.E. our objective is to provide a superior quality of Electrical and Mechanical services in a positive closely controlled, well-managed & professional manner. We are proficient in the execution of either new design or pre-designed or existing projects. Our fields of experience covers all types of Electrical services in projects as diverse as industries, Building, showrooms, Health & Fitness Centre, Hotels Commercial and Retails Complexes, Social Housing societies Hospitals, Schools, Universities and sports centers etc.

Our extensive design experience allows us to develop the client's performance requirements after detailed discussions, into e\nvironmentally sound and workable schemes. We intend to make working with E.E. as easy as possible. this can only be management tools. Reporting, Progress evaluation and an imaginative flexible approach to solving problems. Here at E.E. We have many years experience, our

Diversity

03

Mission

Our mission is to deliver value to our customers by providing engineering services, supplies, construction, the operation and management of infrastructure, industrial and energy projects.

02

ELEKTRA ENGINEERING SERVICES

Products Range:

L.T. Switchgear
Distribution Board.
Power Factor Panel
ATS/AMF Panel
Industrial UPS
Automatic Voltage Stabilizers
Industrial Automation
Cable Tray Fabrication
Electrical & Control Components.
Street Lights Poles
Lift / Elevator
Soalr Energy System and many others

ELEKTRA ENGINEERING SERVICES

HT / LT Panels
Distribution Boards
Transformers
Generators
Internal /External Lighting System.
Power Cables Installations.
Cable Tray Installations
Earthing Systems
Lightning Protection System.
Lighting Fixtures, Emergency Lighting System
CCTV System, Fire & Security Alarm System.
Telephone & Computer Networking
Testing & Commissioning of all other ELV Systems..

ELEKTRA ENGINEERING SERVICES

LOW VOLTAGE SWITCHGEAR

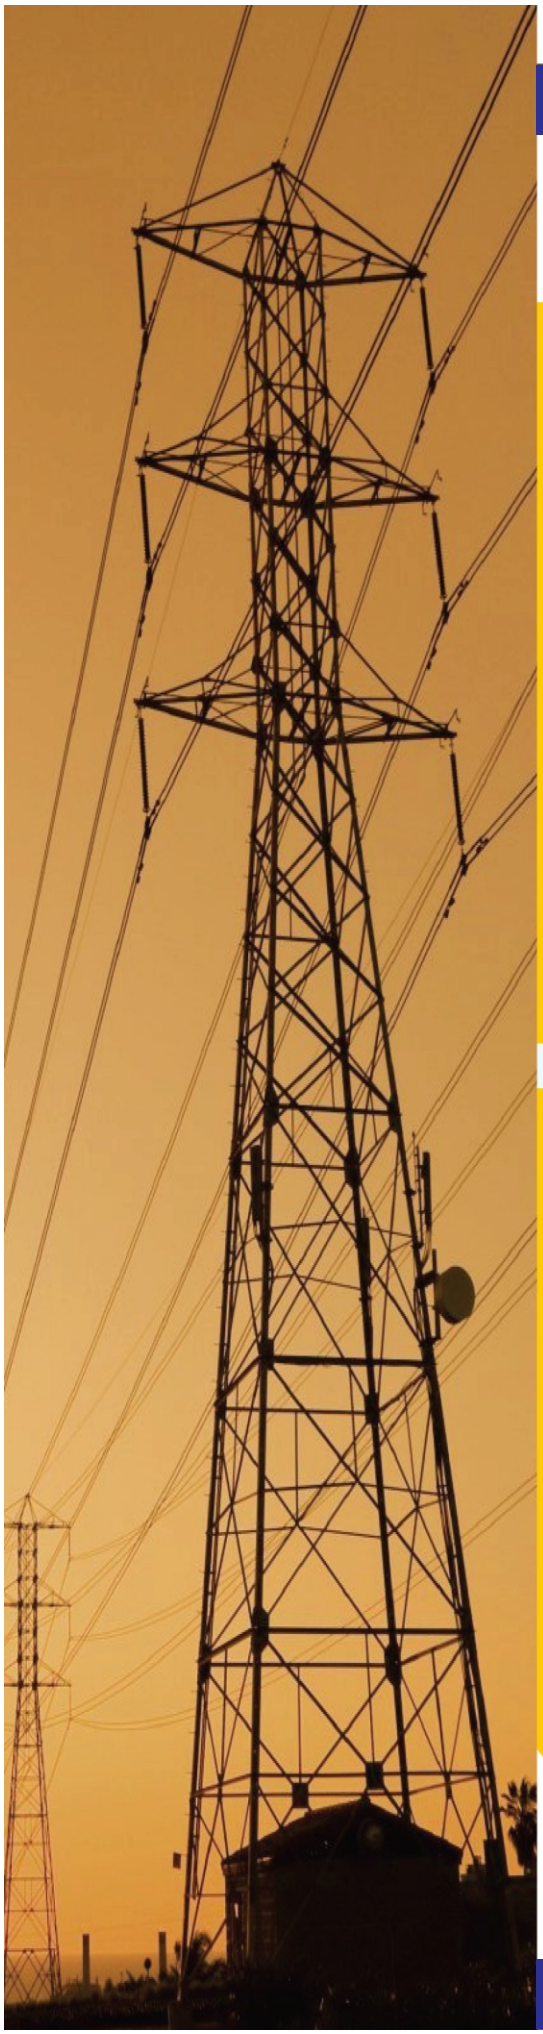

Low Voltage Switchgear for Industrial, commercial and residential sectors are being manufactured as per requirement of the client. The switchgear may be indoor or outdoor type in various international protection standards. The cubicles are designed, fabricated with front and rear access, wired and tested in accordance with the National & International standards.

MOTOR CONTROL CENTER

MCC (Motor Control Center) are manufactured in free standing designs, both in cubical and compartment type with fixed or with draw able facility. MCC are design to facilitate easy handling installation and maintenance.

ELEKTRA ENGINEERING SERVICES

FEEDER PILLAR/LIGHTING CONTROL PANEL

Feeder Pillars & Light Control Panels are control area/street lights. These are designed according to client requirements. Feeder Pillers are totally enclosed Metal clad type, Weather proof, Steel Sheet fabricated and consist of Busbars, Circuit breakers & Magnetic Contactors according to the requirement.

DISTRIBUTION BOARDS

Distribution Boards also known as final DB's are used to protect the appliances under short circuit and over load conditions.

The distribution boards are designed and fabricated in various shapes, wall mounted or recessed type, indoor or outdoor in various international protection standards to meet the desired requirement.

ELEKTRA ENGINEERING SERVICES
